## PREFACE

This publication is the first in a series of separate reports devoted exclusively to the presentation of summary data of Vital Statistics for Counties, Census Divisions or Districts and Urban Places (by Province) for the year 1974. In previous years, beginning 1971, these data for the corresponding years were incorporated in the annual *Vital Statistics* publications — *Volume I, Births* (Catalogue 84-204), *Volume II, Marriages and Divorces* (Catalogue 84-205) and *Volume III, Deaths* (Catalogue 84-206). This separate report has been issued primarily with a view to facilitate users interested mainly in the General Summary Data and to eliminate any duplication of information in several reports.

PETER G. KIRKHAM,  
*Chief Statistician of Canada.*

## PRÉFACE

La présente publication est la première d'une série de bulletins distincts portant exclusivement sur la présentation de données sommaires de la statistique de l'état civil par comtés, divisions de recensement ou districts et centres urbains (pour chaque province) pour l'année 1974. Depuis 1971, les données se rapportant aux années correspondantes étaient incorporées dans *La statistique de l'état civil — volume I, Naissances* (n° 84-204 au catalogue), *volume II, Mariages et divorces* (n° 84-205 au catalogue) et *volume III, Décès* (n° 84-206 au catalogue). Ce bulletin a été publié principalement dans le but de faciliter l'accès des données sommaires générales aux utilisateurs intéressés et d'éliminer toute répétition de renseignements dans plusieurs bulletins.

*Le statisticien en chef du Canada,*  
PETER G. KIRKHAM.

## PREFACE

This publication is the second in a series of separate reports devoted exclusively to the presentation of summary data of Vital Statistics for Counties, Census Divisions or Districts and Urban Places (by Province) for the year 1975. In previous years, beginning 1971, these data for the corresponding years were incorporated in the annual *Vital Statistics publications – Volume I, Births* (Catalogue 84-204), *Volume II, Marriages and Divorces* (Catalogue 84-205) and *Volume III, Deaths* (Catalogue 84-206). This separate report has been issued primarily with a view to facilitate users interested mainly in the General Summary Data and to eliminate any duplication of information in several reports.

PETER G. KIRKHAM,  
*Chief Statistician of Canada.*

## PRÉFACE

La présente publication est la deuxième d'une série de bulletins distincts portant exclusivement sur la présentation de données sommaires de la statistique de l'état civil par comtés, Divisions de recensement ou districts et centres urbains (pour chaque province) pour l'année 1975. Depuis 1971, les données se rapportant aux années correspondantes étaient incorporées dans *La statistique de l'état civil – volume I, Naissances* (n° 84-204 au catalogue), *volume II, Mariages et divorces* (n° 84-205 au catalogue) et *volume III, Décès* (n° 84-206 au catalogue). Ce bulletin a été publié principalement dans le but de faciliter l'accès des données sommaires générales aux utilisateurs intéressés et d'éliminer toute répétition de renseignements dans plusieurs bulletins.

*Le statisticien en chef du Canada,*

PETER G. KIRKHAM.

## Explanatory Notes

The numbers of vital events shown against the local areas should be considered with caution for deriving the rates or for any interpretation and comparative analysis. The events may be subject to misclassification, generally in case of localities with very small population base, due to the following reasons:

- (a) assignment of the residence code to mailing address rather than to the actual place of residence;
- (b) assigning the events to alternate locality due to incomplete or duplicate name within a same county or division;
- (c) assigning the events to "unorganized" areas within a county or a division rather than to a specific locality;
- (d) marriages being coded to the place where a parish or a church is located;
- (e) births and deaths may be assigned to the place where a hospital is situated rather than to the relevant place of residence.

At a county or divisional level, however, this problem of misclassification does not appear to be very significant.

Stillbirths for the province of Quebec not shown due to incomplete reporting.

## Notes explicatives

Il faut faire preuve de prudence lorsqu'il s'agit de calculer des pourcentages, d'interpréter les nombres ou d'effectuer des analyses comparatives des chiffres relatifs aux événements qui se sont produits dans les diverses régions. En effet, il peut s'être glissé des erreurs de classement, surtout dans le cas des localités très peu peuplées, pour les raisons suivantes:

- a) la région de résidence peut avoir été classée selon l'adresse postale et non selon le lieu de résidence réel;
- b) les événements peuvent avoir été attribués à deux localités en raison d'un nom incomplet ou du double emploi d'un nom dans un même comté ou une même division;
- c) les événements peuvent avoir été attribués à des secteurs non municipalisés au sein d'un comté ou d'une division plutôt qu'à une localité précise;
- d) les mariages peuvent avoir été classés selon l'endroit où se trouve la paroisse ou l'église;
- e) les naissances et les décès peuvent avoir été attribués à l'endroit où se trouve l'hôpital plutôt qu'au lieu de résidence.

Cependant au niveau du comté ou de la division, ces erreurs de classement ne semblent pas avoir beaucoup d'importance.

Les morts-nés pour la province de Québec ne sont pas inclus parce que les données disponibles sont incomplètes.

## INTRODUCTION

This publication is the third in a series of separate reports devoted exclusively to the presentation of summary data of Vital Statistics for Counties, Census Divisions or Districts and Urban Places (by Province) for the year 1976. In previous years, beginning 1971, these data for the corresponding years were incorporated in the annual *Vital Statistics* publications — *Volume I, Births* (Catalogue 84-204), *Volume II, Marriages and Divorces* (Catalogue 84-205) and *Volume III, Deaths* (Catalogue 84-206). This separate report has been issued primarily with a view to facilitate users interested mainly in the General Summary Data and to eliminate any duplication of information in several reports.

## INTRODUCTION

La présente publication est la troisième d'une série de bulletins distincts portant exclusivement sur la présentation de données sommaires de la statistique de l'état civil par comtés, divisions de recensement ou districts et centres urbains (pour chaque province) pour l'année 1976. Depuis 1971, les données se rapportant aux années correspondantes étaient incorporées dans *La statistique de l'état civil* — *volume I, Naissances* (n° 84-204 au catalogue), *volume II, Mariages et divorces* (n° 84-205 au catalogue) et *volume III, Décès* (n° 84-206 au catalogue). Ce bulletin a été publié principalement dans le but de faciliter l'accès des données sommaires générales aux utilisateurs intéressés et d'éliminer toute répétition de renseignements dans plusieurs bulletins.
